ABOUT ME

Experienced Full Stack Web Developer proficient in front-end (HTML, CSS, JavaScript, React) and back-end (Node.js, php, laravel). Skilled in project management, deployment, and maintaining clean, scalable code.

WORK EXPERIENCE

FreeLance

2022–2023

As a seasoned freelance Full Stack Web Developer, I've worked on a variety of projects, from e-commerce platforms to portfolio websites. Adaptable and detail-oriented, I excel in delivering high-quality solutions that meet client needs and exceed expectations.

internship – CodingPro

May – August , 2023

LionsGeek | Ain sbaa

Selected by the staff after completing a 6-month coding school program to join the coding pro team. Demonstrated strong technical skills and problem-solving abilities, contributing to various projects' success.
